

THE HIDDEN COSTS OF TECH IN PRIVATE EQUITY

PROBLEM

The High Cost of Inefficiencies

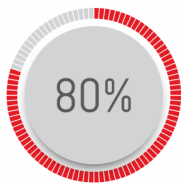

40% of operational costs in Private Equity Portfolio companies stem from outdated tech and fragmented systems.

SOLUTION

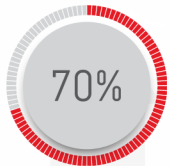

Streamlining for Success

Integrating systems and custom applications can improve operational efficiency and increase internal production by up to 80% in the first year.

CLIENT SPOTLIGHT OVATION HEALTHCARE

**PRODUCTIVITY
INCREASE**

**CUSTOMER
ENGAGEMENT
INCREASE**

“Our customer engagement has increased by over 70%. We’ve gained the ability to roll out new solutions quickly without needing additional developers, which has been great for cost savings and time. We’re 80% more productive.”

Bill Uran, VP of Enterprise Solutions
Ovation Healthcare
